Why Use Pisopay PayMe

ADVANTAGES OF USING PISOPAY PAYME SERVICES

Convenient, Cost-effective, Safe and Secure. All the feature you need to enhance your Business Payment Processing.

1 Conveniently collect payments effectively Anytime, Anywhere!

Provide convenience to your customer by giving them different payment options and methods.

2 Identify the Payment Details Real-time

In most cases, especially with Bank payments, it is hard to identify who pays unless they provide you with deposit slip. With Pisopay, you can identify the Payment immediately including all transaction details.

3 Decongest Payment Transaction in your Office

No need to hire a lot of collection officer or cashiers. Pisopay provides payment facility outside of your office to which gives convenience not only to your customer but to your business process as well.

4 You can know more who your customers are!

With comprehensive dashboard, you can have more details with all of your payment transactions. Not only the name of the payee, but also where they pay, what time they pay etc.

5 Send payment request/billing via different channels

Send your billing and/or payment request even without a system or website via Email and SMS at the same time.

6 Remove Red-Tape or Fixers in Payment Transactions.

A system that shall make payment collection free from fixers and red-tape specially for Government Agencies who are promoting good governance.
